

# Validation Guide (CFE MGMT Checklist Item)

## WIKI OVERVIEW

- **Wiki Purpose:** The objective of the CFE management process is to facilitate UVIE requirements, ensure proper documentation for special name and address changes, and adhere to IDB eligibility criteria, subject to variations based on CFE office requirements, necessitating escalation with IX.
  - **Wiki Owner:** Joseph Canaan
  - **Validity:** n/a
- 

## Approval Requirements for the CFE MGMT Checklist Item

Follow the [Underwriting Criteria \(Mainstream Valid Rules\)](#)

The CFE mgmt process is needed when:

- UVIE is required
  - Form commercial leads [check project characteristics](#), if your project doesn't comply with these checklist most likely it won't need an UVIE, but this can vary according to the corresponding CFE office requirements so it will be necessary to always escalate with IX.
- Special name change
  - When the approvals team is not sure if the documentation will serve for the name change (Follow the minimum documents required for name/address change in each geo table) **and it's a IDB eligible project**
- Address change
  - If their [property doc](#) address does not match with the address in their CFE bill and **it's a IDB eligible project**, they need an address change, it's recommended to realize the address change before the approval (Follow the minimum documents required for name/address change in each geo table)
- 2 meters wanted to be interconnected
  - 2 different meters without unification cannot be normally approved due to CFE policies so it will necessary to have the IX approval
- The person who sign to interconnection is not a subscriber
  - It is necessary to add the signer info in a CFE mgmt slot.
- CSF
  - When a CSF is required and de customer cannot provide it.

## Process for CFE MGMT Checklist Item

1. Identify the case where we need the CFE mgmt process and reject the documentation.

2. Sales request via Slack to open an item on the OPS page for CFE mgmt.
3. Open OPS and add an item to the approval checklist. 📋
4. Add context about the situation and provide the proper documentation to be reviewed.
5. The interconnections team should give the proper follow-up to this through CFE management page and specifically for CSF, the document will be shared through the channel in Slack customer\_cfe\_mgmt. Once the task is completed we can continue with the documentation approval.

## Interconnections Office Minimum requirements

ALL CDMX CFE OFFICES REQUESTS THAT THE CFE BILL HAS THE COMPLETE NAME OF THE CLIENT AS THE 30 LETTERS LIMIT ALLOWS IT.

In all regions is necessary proof of tax situation (RFC with QR code) when are PDBT name changes (persona moral)

CFE Office / Zone	Minimum documents required for a name change	Special notes about the name change ?	Minimum documents required for address change?	RFC needed for IX and Name Change Yes/No	?? Titular falleció. ?	Is it the CFE office strict?
